Job Description

The Department of Computer Science at Old Dominion University is inviting applicants for multiple Lecturer positions beginning Fall 2024. The successful applicant must be prepared to teach a broad range of undergraduate courses, beginning programming courses in Java and Python, and more advanced courses, particularly in object-oriented techniques and software engineering. An ability to teach data-science, cybersecurity and/or web applications would also be valued. Applicants must be prepared to handle the usual faculty service load.

The Department of Computer Science currently has 20 tenured and tenure-track faculty, 11 teaching faculty, and several adjunct faculty.ODU and the College of Sciences are committed to inclusive excellence, recognizing that diversity enhances and enriches our educational mission, employment experience, and community engagement. We seek candidates whose research, teaching, and/or service experiences have prepared them to fulfill our commitment to inclusion.
