**Apply By Email**

**Job Description**

The School of Cybersecurity at Old Dominion University seeks applicants for **three lecturer positions** with expertise in the broad areas of cybersecurity and cyber operations. The School of Cybersecurity places high value on excellence in teaching and seeks to complement the existing academic strengths in cybersecurity and cyber operations. The Lecturers will primarily support graduate education at the School of Cybersecurity. The position also requires advising for undergraduate and graduate students. The lecturers are expected to be able to develop new cybersecurity courses to support the growth of the cybersecurity program.

**Minimum Qualifications - knowledge, skills, and abilities**

- Successful applicants are expected to have demonstrated successful teaching experience in
