Job Description

The [Department of Microbiology and Immunology](#) is seeking a **Lecturer** who will teach our undergraduate population fundamental and relevant coursework. They will have the ability to independently develop lectures and materials while also being able to seek guidance from our highly specialized faculty. We are seeking an individual who has vision and enthusiasm for teaching.

Incumbent will be responsible for:

- Creating and presenting lectures, labs, and associated teaching materials (exam questions, handouts, etc.) for Fall, Spring, and Summer Session II undergraduate courses
- Proctoring exams
- Creating and updating procedures for laboratory courses
