Job Description

The Department of Mathematics and Statistics at Auburn University invites applications for two open-rank, nine-month, tenure-track positions in Statistics/Data Science, beginning on August 16, 2024. Candidates with expertise in all areas of statistics and data science are desired. The rank for each position is open and will be determined based on qualifications. Successful candidates are expected to pursue independent research and teach courses at both the undergraduate and graduate levels.

The Department of Mathematics and Statistics at Auburn University boasts a dynamic faculty of over 50 members, specializing in a diverse range of mathematical, statistical, and data science fields. This diversity and the strengths of our faculty create a stimulating environment for both research and teaching. As a prospective faculty member, you will find vibrant, emerging research areas that complement both theoretical and applied data science. The department offers a Ph.D. program and

various MS programs, including a new MS program in Data Science. Auburn University's strong research programs in a variety of areas present many opportunities for interdisciplinary research and for participation in its various multidisciplinary programs. Auburn University is an R1 institution and one of the nation's premier land, sea, and space grant universities. It maintains high research activity levels and high standards for teaching excellence. For more information on faculty life at Auburn University, please visit: <http://www.auburn.edu/academic/provost/facultyjobs/>. Auburn University is understanding of and sensitive to the family needs of faculty, including dual-career couples. Please visit the following link for more information:

Applications must include a cover letter, transcript(s), a curriculum vitae, a statement of research, and a statement of teaching (and teaching evaluations if available). The addition of an inclusion statement describing how past and/or planned contributions to teaching, research, and/or service will serve to advance the mission of the College of Sciences and Mathematics in creating an inclusive environment would be highly desirable. Candidates should provide the names and contact information for three professional references. One reference must address teaching experience and abilities. For additional information contact: Dr. Nedret Billor, Chair, Search Committee, e-mail: billone@auburn.edu.
